AIGBOGUN JERRY IYOBOR

Full-Stack Software Developer | Backend & Frontend Web Engineer

Abuja, Nigeria (Open to Relocation & Remote) | +234 803 879 1413 | jerryiyobor653@gmail.com

PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer with a B.Sc. (Hons.) in Computer Science and over 6 years of production experience building, deploying, and scaling web applications and enterprise systems. Highly proficient in modern JavaScript/TypeScript ecosystems including **Node.js, NestJS, Express.js, React, Angular, and PostgreSQL**. Proven track record of architecting end-to-end healthcare and retail management solutions—including deployed Pharmacy and Point of Sale (POS) platforms—backed by strong foundations in database design, RESTful APIs, and enterprise network infrastructure.

TECHNICAL SKILLS

Frontend Frameworks:	React, Angular, Responsive UI/UX Design, Single-Page Applications (SPAs)
Backend & APIs:	Node.js, NestJS, Express.js, RESTful API Architecture, Third-Party API Integration
Languages & Web:	JavaScript (ES6+), TypeScript, SQL, PHP, HTML5, CSS3, Bootstrap, Tailwind CSS, jQuery
Databases:	PostgreSQL, Relational Database Design, Query Optimization, Data Migration & Integrity
Infrastructure & Networking:	Cisco IOS, Routing & Switching (LAN/WAN), Windows Server (2012/2016), System Deployment

KEY SOFTWARE ENGINEERING PROJECTS

Hospital Management System (In Development) | **NestJS, Angular, TypeScript, PostgreSQL**

- Architecting a modular, enterprise-grade hospital management platform featuring patient electronic medical records (EMR), appointment scheduling, billing, and role-based access control.
- Building a scalable, maintainable backend using **NestJS** and **TypeScript** paired with a dynamic **Angular** frontend and relational **PostgreSQL** database schema.

Pharmacy Management System (Deployed) | **Node.js, Express.js, React, PostgreSQL**

- Engineered and deployed a production pharmacy management application streamlining drug inventory tracking, expiry alerts, prescription fulfillment, and supplier records.
- Developed secure RESTful APIs with **Node.js** and **Express.js**, integrating a responsive **React** interface and **PostgreSQL** persistence to eliminate manual stock discrepancies.

Point of Sale (POS) Management System (Deployed) | **Node.js, Express.js, React, PostgreSQL**

- Built and launched a real-time retail POS system supporting barcode checkout, automated receipt generation, multi-user cashier permissions, and daily sales analytics.
- Optimized **PostgreSQL** transaction queries to ensure fast checkout speeds and accurate end-of-day financial reconciliation.

PROFESSIONAL EXPERIENCE

Information Technology & Software Systems Officer — **2019 – Present**

Queens Clinic Nigeria Limited | Abuja, Nigeria

- Lead internal software engineering, system integration, and IT infrastructure operations supporting daily clinical and administrative workflows for over 50 staff members.
- Design, test, and deploy custom internal web modules and clinical software upgrades during off-peak hours to ensure zero disruption to patient care.
- Manage relational databases, execute data integration workflows, and enforce software compliance and security standards across clinical workstations.
- Architected, configured, and maintain the facility's enterprise LAN/WAN network infrastructure using Cisco routing and switching technologies for high-availability connectivity.

Full-Stack Web Developer (Contract & Freelance) **2015 – 2019**
Self-Employed | Abuja, Nigeria

- Developed, deployed, and maintained custom full-stack web applications and responsive websites for 5+ commercial clients using JavaScript, TypeScript, PHP, HTML5, CSS3, and SQL.
- Engineered relational database schemas and integrated third-party payment and communication APIs to expand client platform capabilities.
- Improved application performance, cross-browser compatibility, and search engine rankings through clean code architecture, technical SEO, and structured documentation.

EDUCATION

B.Sc. (Hons.) in Computer Science — National Open University of Nigeria **2015 – 2019**

Higher National Diploma (HND) in Accountancy — Akwa Ibom State Polytechnic **2005 – 2007**

National Diploma (ND) in Financial Studies — Akwa Ibom State Polytechnic **2002 – 2005**

CERTIFICATIONS & TECHNICAL TRAINING

- **Cisco Certified Network Associate (CCNA)** — Professional Routing & Switching Training, Deft Rains Solution, Lagos (Certification in View)
- **Microsoft Certified Solutions Associate (MCSA)** & **Microsoft Technology Associate (MTA)** — TTC, Abuja
- **CompTIA A+** & **Diploma in Computer Networking** (ALISON)
